"The Coney Island of the West"

INVITES YOU

'A ROMANCE OF OGDEN' FUN FOR THE KIDDIES TALK OF TOWN IN 'PECK'S BAD BOY'

Crowds continue to pour in and out of the Alhambra theatre to see the Standard Examiner movie, "A Romance of Ogden." Everyone is commenting on the excellence of the film, and the talent of the cast, for the production has all the light and shade of a professional picture, and if one were not acquainted with the young people who take part, it isn't at all improbable that many would think that they were sitting through a regular performance. Of course, the whole film is not that way, or it wouldn't send the audience into convulsions like it does. But outside of the funny spots and to be fair, one must admit that there are many, we still insist that it is a dandy picture.

How could you let James Hearn kiss you like that," was asked of Miss Magdeline Gill, who plays the part of Polly Atherton, the heroine. Did the director rehearse you like that? Of course not, such an idea, said Miss Gill, which only goes to show that James has ideas of his own about proposing to girls. Some years ago Olga Nethersole became famous as the foremost exponent in the art of kissing. Can you wonder then that "A Romance of Ogden" is packing 'em to see James Hearn kiss Olga Nethersole one better. James' kisses are measured by the mile in this local photoplay, and he is the kissingest kissing-bug that ever gave an exhibition of profligate osculation. Don't miss "A Romance of Ogden" if you want the best laugh you have had in many a day. It's at the Alhambra theatre, up to and including Saturday, but go early so you won't have to wait in line for a seat.

Few parents will have any peace until they have promised the children to take them to see Peck's Bad Boy at the Orpheum on Tuesday, or send them to the matinee.

Of course father and mother will not refuse to take them, because they remember what an event the appearance of the Bad Boy was in their own childhood. And maybe too, they have just a sneaking little desire to see the Bad Boy themselves once more.

They haven't forgotten how they thrilled with delight and laughed until they cried at the jokes the Bad Boy played on Shultz the grocer, and Duffy, the policeman.

Since father and mother saw the play, however, it has been entirely rewritten. In fact everything is new but the boy, and he is still the likeable, mischievous chap as of yore. He is surrounded this season by the cleverest company of actors, singers and dancers ever provided for him and when the curtain rises at promptly eight-thirty it will be one long hilarious laugh until ten-thirty.

The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying powers are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly deprecated, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics.

Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher. Genuine Castoria always bears the signature of

Chas. H. Fletcher

MORE THAN 400 TO BE GRADUATED FROM WEBER COUNTY SCHOOLS WITH CLOSING EXERCISES AT TABERNACLE

More than 400 graduates will compose the graduating class of the Weber county schools, according to B. A. Fowler, superintendent of county schools, who has just compiled the list of names. This year's class breaks all former records by more than 200 pupils. A portion of this number, however, is made up of specials allowed to enter the ninth grade on permit last fall owing to the fact that no promotions were made the previous year in Weber county.

With the exception of a very small number, the students who were allowed special privileges last fall have done exceptionally fine work and are now receiving certificates from the eighth grade with the class of 1920. Mid-year promotions of students who have met the requirements of the schools are also being similarly honored.

Those receiving eighth grade diplomas are:

WILL VISIT PRISON TO NOTIFY DEBS OF NOMINATION

ATLANTA, Ga., May 28.—In a small room at the Atlanta federal penitentiary and under the watchful eyes of a guard, Eugene V. Debs, serving a ten-year term for violation of the espionage act, will be formally notified tomorrow morning that the Socialist party has nominated him for president.

Warden Zerbst stated the notification committee, which left New York today, would be allowed to communicate with the prisoner.

The usual time limit for visitors is thirty minutes, but Mr. Zerbst said this had been extended on occasions when "there was real business" to transact. He indicated the notification that Debs had again been selected for the highest honors his party can offer would be considered of that nature.

Asked if the presidential candidate would receive his notification committee in his prison garb of blue denim, the warden replied that so far as he knew he would.

CANADA'S PULP WOOD EXPORTS TO U. S. FALL

WASHINGTON, May 28.—Exports of pulp wood from Canada to the United States for the eleven months ending with February amounted to only 780,828 cords against 1,493,167 cords for the corresponding period of the preceding year, according to a report received here today from the American consul at Kingston.

The value of pulp and paper exports for the eleven month period, on the other hand, increased to \$92,000,000 from \$74,000,000 for the corresponding period of the preceding year.

SHE SETS A GOOD EXAMPLE

"I keep a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house at all times and have recommended it to many friends and acquaintances who have used it with good results," writes A. O. Newell, New Kensington, Pa. Should you not do likewise? Think of the pain and suffering that must be endured when medicine must be sent for.—Advertisement.
